

Expander AXI102

Innovative Technology for exact expansion

Plastic systems
up to 40 mm

Rechargeable battery
(Li-Ion)

One-Hand-Operation

Status indicated
by LED Display

- Powerful Milwaukee Lithium-Ion batteries
- Safe handling with slipproof rubberized housing
- Low weight - perfect for one hand operation
- Small size - practical for narrow installation spaces

Expander AXI102

Ergonomic design, easy handling

The AXI102 is practical for one hand operation. The head designed at a 90-degree-angle as well as the small tool size simplify the handling for the user, especially in narrow installation situations.

By actuating the start button the expanding cone drives forward, moves the segments apart and expands the pipe. After completion of the expansion the cone retracts automatically.

Scope of application

- Drinking water-, gas- and heating installation, industry and commercial application and many more
- Applicable in combination with the axial Pressing tool AAP102 - suitable for many authorized plastic systems*

Accessories

- Charger available in many worldwide power supply specifications
- Batteries with different capacities available

By actuating the start button the expanding cone drives forward and moves the segments of the expander head apart.

Novopress quality and service

Tool features

- Battery-empty-detection
- Error display
- Device information through the LED indication under the start button
- Automatic pressing cycle

Maintenance and service

- Qualified service on site thanks to international service network
- Mobile on-site service thanks to our service vehicle in Germany and parts of Europe
- Extended warranty (further information at www.novopress.de)

Technical Data AXI102

Dimensions*:	up to 40 mm
Weight incl. Battery:	1.9 kg
Length:	320 mm
Width:	69 mm
Height:	119 mm
Power consumption:	240 W
Piston force:	system-dependant
Piston stroke:	system-dependant
Battery:	12 V / 1.5 Ah Li-Ion Milwaukee 12 V / 3.0 Ah Li-Ion Milwaukee
Battery capacity**:	40 - 180 expanding cycles
Charging time:	30 / 60 min.

* system-dependant

** depending on material and dimension

We reserve the right to make technical modifications.
